# GLAMPING IS CAMPING IN STYLE

**Imagine lying in the woods, on a mountain top - smelling the pine-scented air, listening to the crickets and the sounds of a nearby stream.**

**But you're enjoying this scene while lying on a hotelish style bed with linens, inside a spacious white tent with running water.**

**It's a great way to spend a weekend with your friends - the peace and calm of the great outdoors. But you don't have to sacrifice comfort to be with nature**

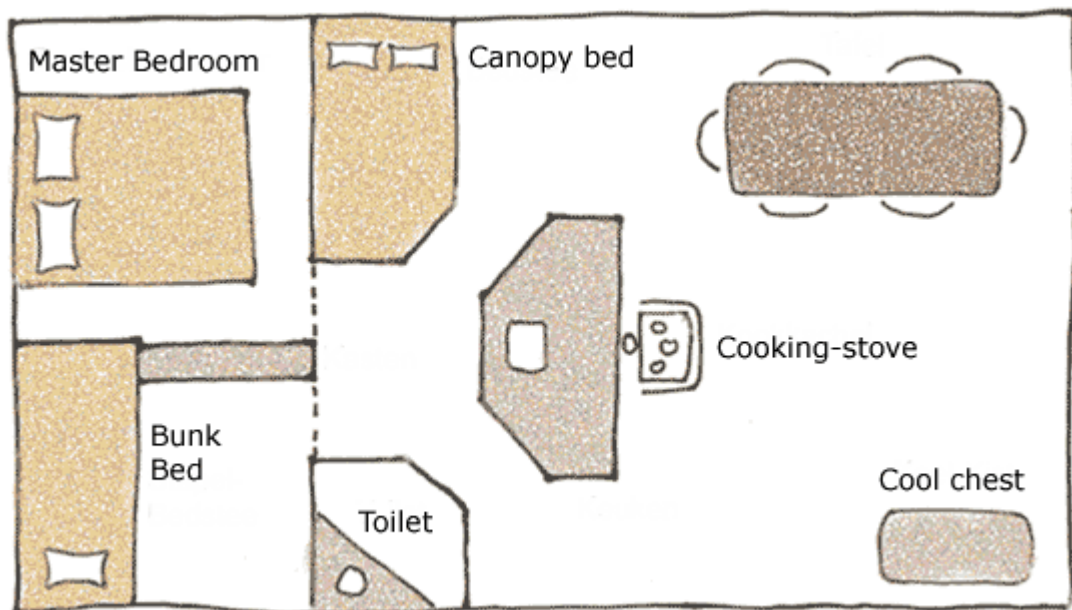

Bunk bed and double bed

Hole in the ground toilet

**Last time I went there was a beautiful mother dog feeding her greedy babies. They were so cute!**

**Also last year there were chickens who kept stepping into our lasagne. We tried to put it on the BBQ...**

**I CANT WAIT FOR THIS SUMMER**
